Create five (5) user stories to capture as much functionality of the Amazon.com web store as possible. Each story should be approximately 1 page long. If in doubt, look at the behavior of the Amazon.com website. The completeness portion of your grade will represent how much of the overall functionality you capture in your user stories.

The writing rubrics on the class website will be used to evaluate your paper in the following way:
- Spelling 10%
- Grammar 20%
- Completeness 40%
- Correctness 30%
